ABOUT ME

I am a Software Engineering graduate skilled in Web Development and Artificial Intelligence. Experienced in creating full-stack applications using modern technologies and developing AI and Machine Learning models. Passionate about innovation, problem-solving, and building intelligent, user-focused digital solutions.

WORK EXPERIENCE

Advanturalabs – Lahore, Pakistan

City: Lahore | Country: Pakistan

Mern Web Developer

[01/2025 – 03/2025]

Developing full-stack web applications using the MERN stack, with responsive and interactive interfaces built in React.js and robust backend APIs using Node.js and Express.js. Designing optimized MongoDB schemas, collaborating with cross-functional teams, and applying modern development practices to deliver high-quality, efficient solutions.

Feat Technologies – Lahore, Pakistan

City: Lahore | Country: Pakistan

Software Developer

[01/2023 – 10/2023]

Developed a full-stack solution for the food industry by designing efficient MongoDB and SQL schemas, building robust Express.js APIs, and creating interactive React.js forms. Gathered and analyzed client requirements to enhance functionality, integrated NodeMailer for seamless email communication, and incorporated AI-based features to improve automation and user experience.

EDUCATION AND TRAINING

Bachelors (Software Engineering)

Minhaj University Lahore [2021 – 2025]

City: Lahore | Country: Pakistan | Website: www.mul.edu.pk

Intermediate(Pre Engineering)

Royal Science College [2019 – 2021]

City: GarhMore | Country: Pakistan
